User Guide Documentation

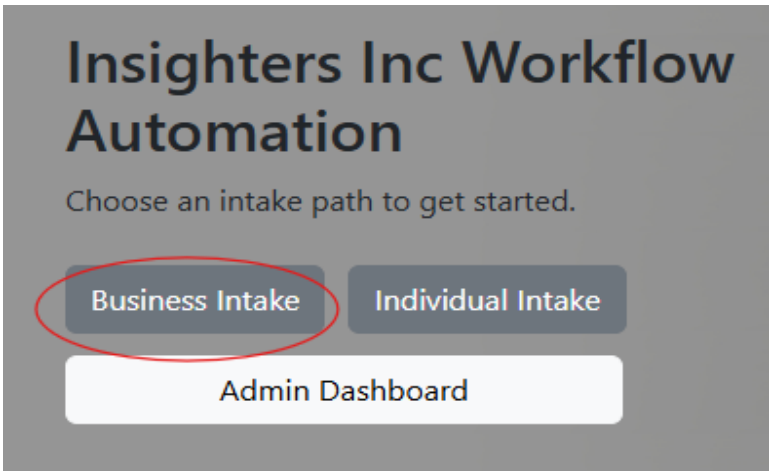
This document serves as a user guide for the automation of Insighters Inc's Intake Forms

Home Page

The Home page is the hub for all actions. It includes an option to fill out a Business Intake form as well as a Individual Intake form. It also allows admin users to login into the dashboard.

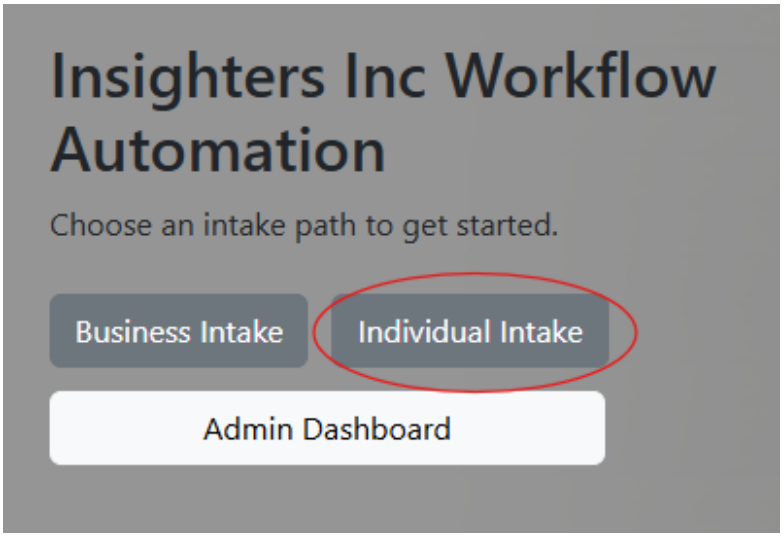
Home page breakdown:

1. **Business Intake**



- Access to the Business Intake form

2. **Individual Intake**

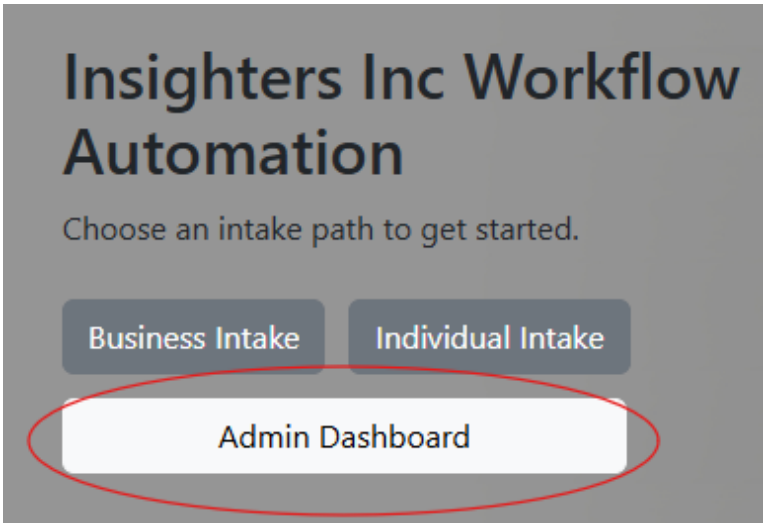


- Access to the Individual Intake form

User Guide Documentation

By: EJ Jones

3. **Admin Dashboard**

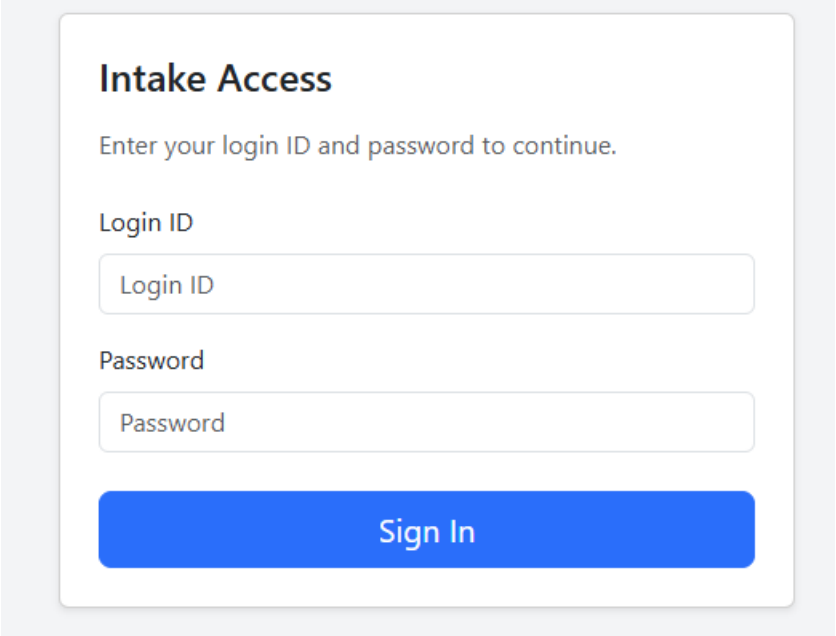


- Access to the Admin Dashboard

Business Intake Form

The Business Intake form is meant for clients that are organizations operating under a business entity name. The client is sent an email with temporary credentials where they are given directions on how to access the form and fill it out. The form is then sent back to Insighters Inc. where the PDF is stored and the client is onboarded.

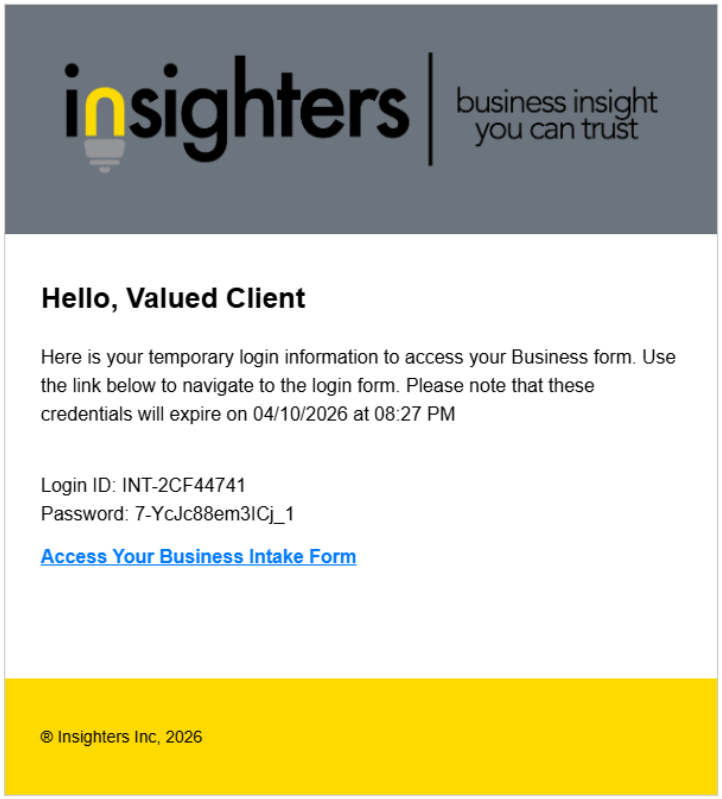
1. **Intake Login**



User Guide Documentation

By: EJ Jones

- This is the intake login page. The client is directed here with the link from the email sent from the admin (Insighters Inc.). Here, they use the credentials provided to log in into the form. The credentials will last for 5 days



- The figure above shows the email that clients receive with their temporary login information, expiration date, and the link to the form that they must fill out.

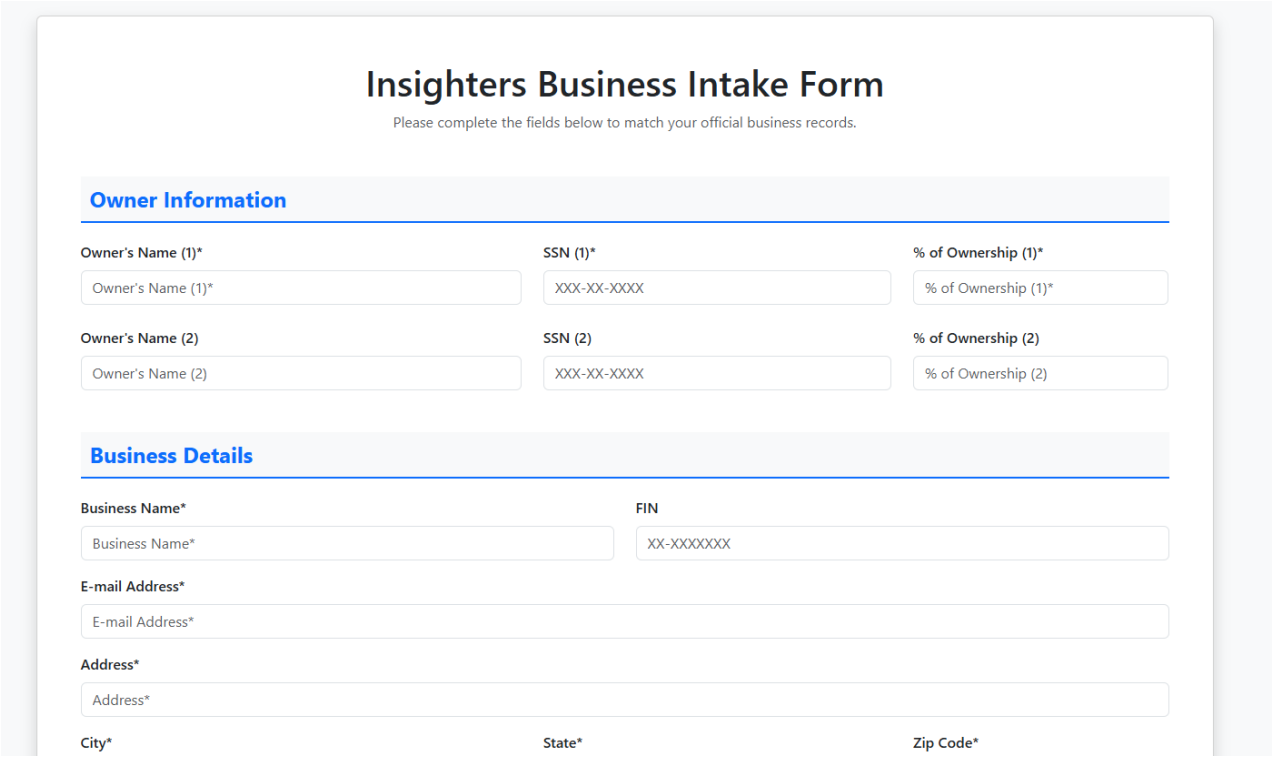
2. **Intake Form**



Insighters Business Intake Form

Please complete the fields below to match your official business records.

Owner Information

Owner's Name (1)* | SSN (1)* | % of Ownership (1)*

Owner's Name (2) | SSN (2) | % of Ownership (2)

Business Details

Business Name* | FIN

E-mail Address*

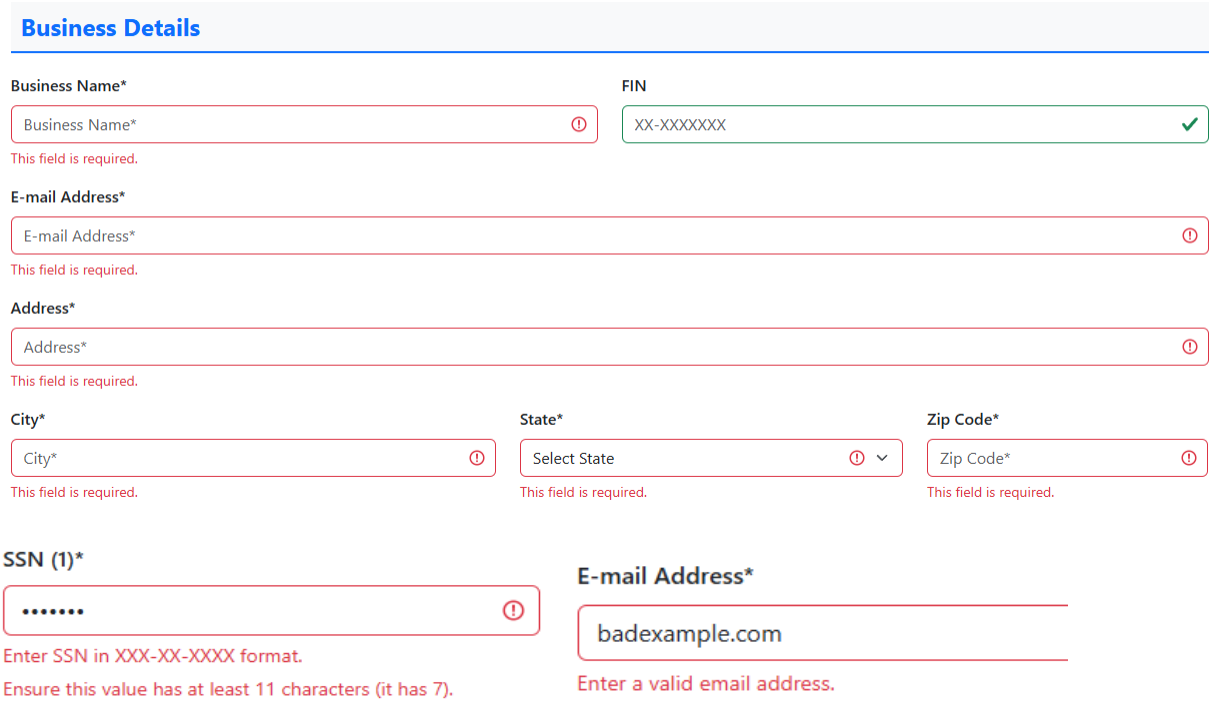
Address*

City* | State* | Zip Code*

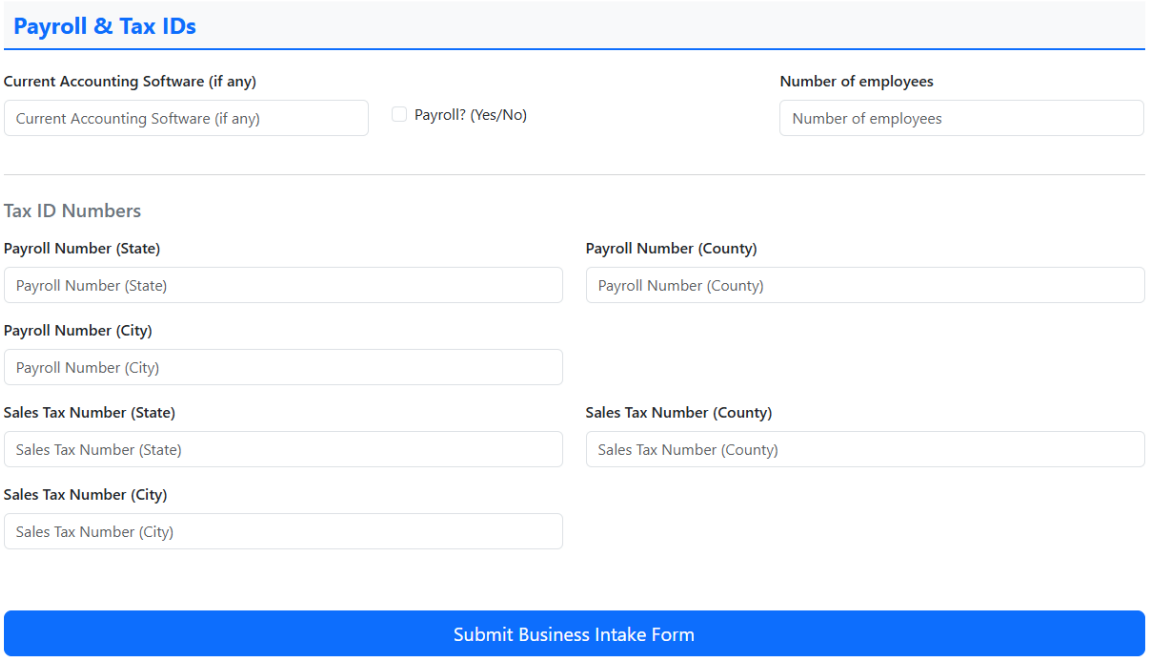
- Here is the Business Intake Form. After accessing the form, clients are required to fill out all the applicable sections. All sections with a star beside the fillable section are required to submit the form.

User Guide Documentation

By: EJ Jones



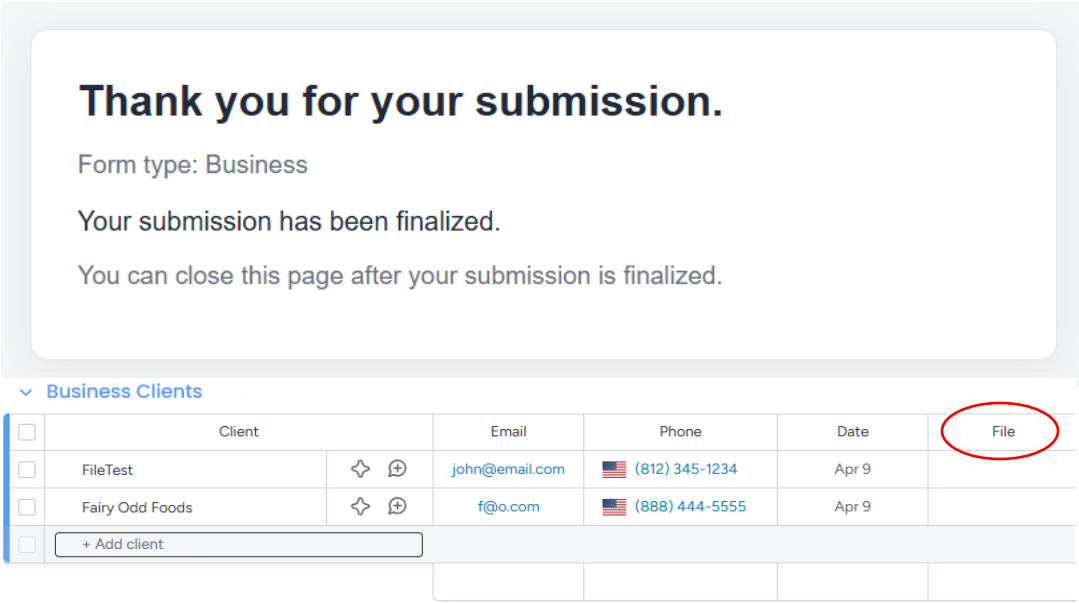
- When attempting to submit the form without adding the required information clients are met with a validation error to ensure that all fields are filled out. If they are filled out incorrectly, the form gives a formatting error and instructs the client to fill it out using the correct formatting.



User Guide Documentation

By: EJ Jones

- At the bottom of the form there is a submit button that sends the completed form back to Insighters Inc. Immediately after submission, clients are met with a confirmation message to ensure submission. The form is placed in the client's profile on Monday.com for reference. It should be located under the "File" section.



3. **Form Completion**
   - After submitting the form, the admin who sent the form should receive a confirmation email to the email that they used to send the form. This informs them that the client has submitted the form and they can check for the form in their Monday.com profile on the client portal.

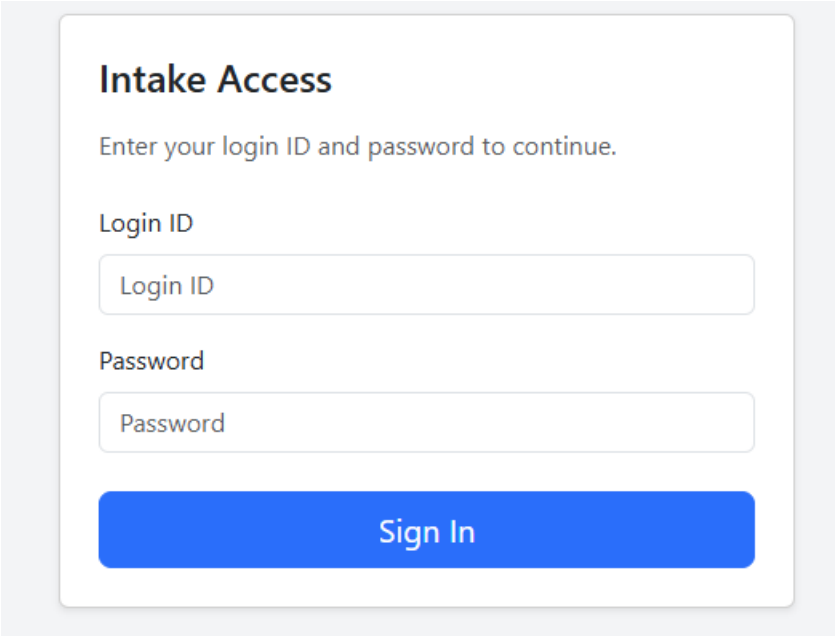
Individual Intake Form

The Individual Intake Form is meant for clients that are filing under their own name as a single entity. The client is sent an email with temporary credentials where they are given directions on how to access the form and fill it out. The form is then sent back to Insighters Inc. where the PDF is stored and the client is onboarded.

1. **Intake Login**



- This is the intake login page. The client is directed here with the link from the email sent from the admin (Insighters Inc.). Here, they use the credentials provided to log in into the form. The credentials will last for 24 hours

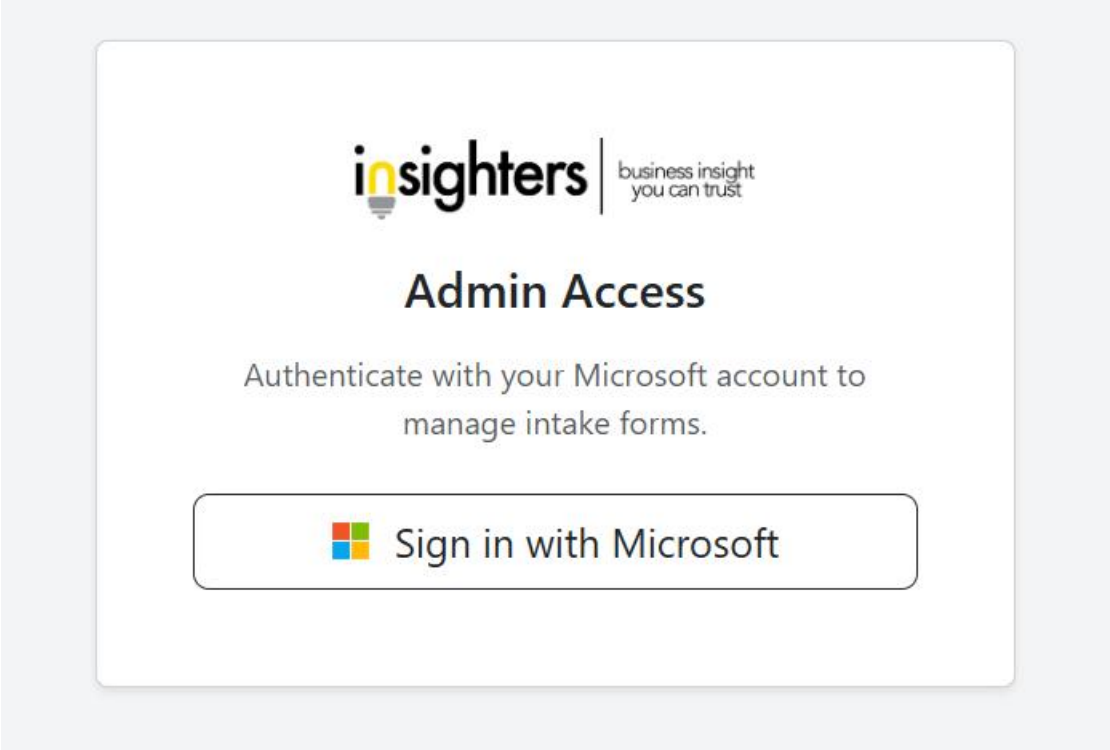
Admin Dashboard

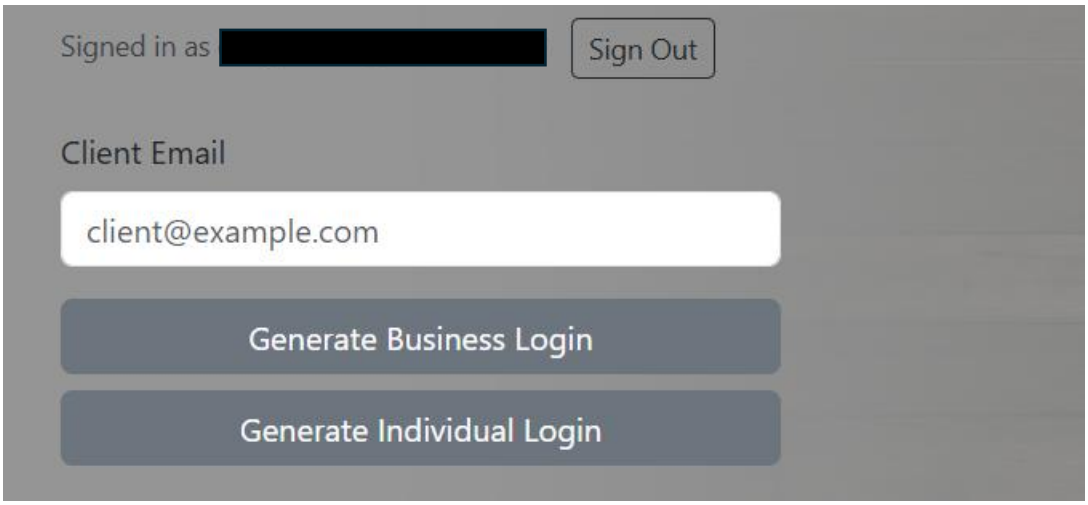
The Admin Dashboard is meant to be the head of operation for sending login credentials and instructions for each type of form (Business or Individual). The dashboard is only accessible using an Insighters Inc email.

1. **Dashboard Login**



- Users of the Admin Dashboard must login in using the Microsoft Single Sign-On with their Insighters Inc credentials. No other Microsoft accounts will allow login that are not associated with Insighters Inc.

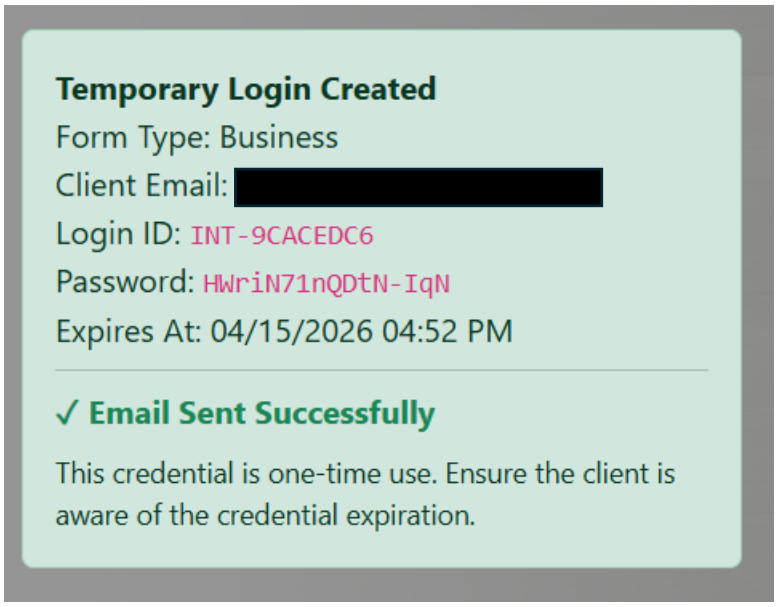
2. **Dashboard**



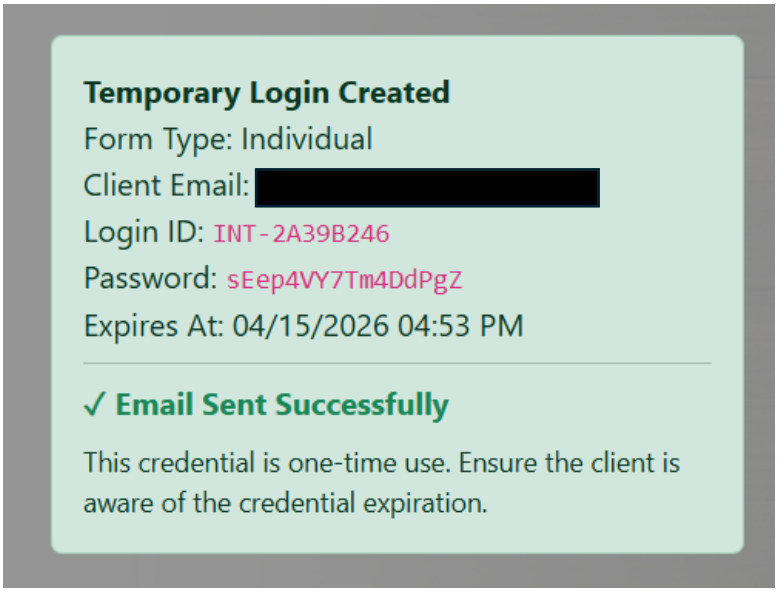
User Guide Documentation

By: EJ Jones

- After successfully logging into the dashboard, administrators will be met with confirmation on the account they are signed into (redacted in the image above). From here administrators will have the option to generate a random business or individual form login. The admin enters the clients email address, and they are sent credentials as well as the expiration date of them.



- Business Login Confirmation



- Individual Login Confirmation
